## **WONDERFUL VILLAGES AWARDS 2022**

### **YOUNG PERSONS AWARD**

This category has a broad interpretation and is best explained by the word 'involvement'. The Award may recognise the participation or contribution of a young person connected with a village, church or community hall OR it may highlight the efforts of your hall to attract and involve young people as trustees or providers of facilities or services to the local community.

If your hall involves or is actively doing something that seeks to involve young people up to around 25 years old, this is the Award for you!

There is no strict definition of the term 'young'. We are simply looking for what could be termed 'the next generation' taking on the mantle.

To enter for this Award, which closes on Monday 31 October 2022 at 4pm, please visit: [www.thevillagehallspodcast.com/wonderfulvillagesawards](http://www.thevillagehallspodcast.com/wonderfulvillagesawards)
